**We wouldn't kid around
about FREE money.**

Homeownership is closer than you think. A lot closer, thanks to the free down payment money the Home Is Possible program is giving to people just like you.

The program, established in 2014 by the Nevada Housing Division, offers free money to low and middle income homebuyers who can afford a monthly mortgage payment, but may face some challenges when it comes to securing a down payment and closing costs.

What's the catch? We're happy to report that there isn't one. The Nevada Housing Division is simply on a mission to provide affordable housing opportunities and improve the quality of life for Nevada residents. (That means you!) We've got a 40-year track record of doing so, and we very much look forward to the next 40 years.

"It was time to buy a house instead of rent, so I applied to the Home Is Possible program. I got approved and received about \$5,000. I already had money saved up for a down payment so I used the money for closing costs. It was honestly simple and straightforward."

"We met with our lender who introduced us to the Home Is Possible program. We were pre-approved like that and ended up with thousands of dollars for a down payment. That's a big deal."
